news@wintertexantimes.com

The *Winter Texan Times* is the Valley's leading newspaper in reaching the Winter Texan market. Published every other week from the end of October through November, weekly in December, January, February and March, the special features and editorial content of our publication keep each issue in the hands of our readers until the next issue is printed. This allows advertisers the enhanced benefit of placing only one ad in a one or two-week period, yet receiving almost daily visibility with our readership and increasing customer contact by advertising weekly during the peak of the season.

The "Parks Calendar" is the Winter Texans' primary source for daily activities. "News from the Parks" offers a human interest element as they keep track of wedding anniversaries and other personal events in the lives of fellow Winter Texans. The "Reunions" feature is their way to meet with others from their home state or county. Our editorial content largely focuses on special events and activities for Winter Texans to see and do during each season's stay. Additionally, Winter Texans often tell us they like our paper because of "all the ads," a ready resource on where to go for anything from dining out to medical services.

The *Winter Texan Times* circulation reaches over 25,000 at peak of season. This translates to roughly over 50,000 readers. Distributed free of charge to over 200 Winter Texan subdivisions and RV and mobile home parks from Mission to South Padre Island, this publication is the first one they pick up and the last one they put down. The *Winter Texan Times* gives our advertisers the advantage of knowing they are "there" (in the Winter Texans hands) when this very active population has the time to see them. No questions about which TV channel or radio station to advertise with, or at what time. Many of our readers even carry the *Winter Texan Times* with them in the car to plan their daily activities.

A stable, viable market which has grown at a rate of seven to twelve percent per year for several years, Winter Texans bring in over \$802 million dollars in revenue while they are in the Valley. (Source: UT - Pan American University Center for Tourism Research). This is definitely the market to focus on from October through March.

No other advertising vehicle offers more depth of coverage to the Winter Texan market than the *Winter Texan Times*. Publishing since 1987, we are proud of the service we have provided to both reader and advertiser. Our continued increase in popularity among Winter Texans and advertisers reaffirms this for us year after year.
