

SALUTING TOP PARKS

El Valle Del Sol and El Valle de la Luna are sister parks located on either side of Taylor Road on Business #83 in Mission. El Valle Del Sol is the home of the internationally famous "Peppermint Palace" and the famous square dance caller Jerry Story. The "Peppermint Palace" has a beautiful hardwood dance floor with suspended ceilings. Adjacent to the "Peppermint Palace" is the Activities Hall with wood shop, ceramics shop, rock shop, card room and billiards hall. There is also a computer room with free high speed internet access. Our other added attraction is our swimming pool heated to 86 degrees year round and spa area so they can be enjoyed at any time by our residents and registered guests.

The manager of the resort, Irma Sanchez has been with the resort for over 20 years. Her friendly smile and engaging personality as well as her uncanny ability to remember every persons name has become a tradition that everyone enjoys.

El Valle del Sol has always been well known in the area for the large number of activities and friendly atmosphere. Activities for both parks are centered at El Valle del Sol. The Activities Council is comprised of volunteer residents who plan and schedule most of the activities in the resort. The talents and skills of these volunteers are invaluable to ensure there are plenty of

activities, tours and events to create a fun and entertaining time for all residents, whether they are year round or seasonal residents.

The residents are the best part of El Valle del Sol and El Valle de la Luna. The friendliness of the communities is apparent in the smiles and warm handshakes. Greeting returning friends inspires lots of hugs and laughter. A surprising number, about 25% are year round residents who have adopted the warm friendly Rio Grande Valley as their permanent home. After spending a few months here, many Winter Texans discover they prefer this close knit community to the hustle and bustle of larger cities in other areas of the country.
